DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see remarks pages 3-6, filed on 07/29/2009, with respect to claims 13-15 have been fully considered and are persuasive. The previous rejection of claims 13-15 has been withdrawn.

Allowable Subject Matter

2. Claims 13-15 are allowed. The following is an examiner's statement of reasons for allowance: a comprehensive search of prior art of record failed to teach either alone or in combination a method comprising: providing even phase received digital samples or odd phase received digital samples to a demodulator, wherein the demodulator is adapted to produce a symbol estimate based on the even phase digital samples or the odd phase digital samples; and providing other ones of the even phase digital samples of the odd phase digital samples, whichever are not used by the demodulator, to a searcher, wherein the searcher is adapted to determine multi-path components in the received digital communication signals.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
